Note—for mica strips 15" and longer in widths of 1" TLT 2" and 2" and up the prices are left to be settled between the buyers and sellers, provided, however, that

these prices shall not be less than the corresponding grade price such as for OOES, OEES, etc. as the case may be. It will also not be less than the price for the TLT 15" in width of 2" and up

**(A) SPECIAL ADDITIONS TO MINIMUM F.A.S. PRICES FOR BLOCKS BASED ON THICKNESS. THE NORMAL THICKNESS OF BLOCK MICA IS 7 MILS AND ABOVE:**

1. Orders requiring supply of Block Mica in thickness 10 mils and above 15% additional premium of the price of the grade and quality required in addition to the minimum F.A.S. price of the grade and quality shall be charged.

1. (a) Orders requiring supply of block mica in thickness 8 mils and above, 10 per cent additional premium of the price of the grade and quality required in addition to the minimum F.A.S. price of the grade and quality shall be charged.

2. For orders requiring supply of Block Mica split and gauged accurately in one mil thickness, range (Such as 7-8, 8-9, 9-10, 10-11, or 0.175-0.20, 0.2 to 0.225, 0.225 to 0.25 the minimum F.A.S. price for such Block Mica shall be 40 per cent higher than the minimum F.A.S. price of the grade and quality required to be supplied PROVIDED that order is placed in at least 4 consecutive thicknesses and provided that order for one thickness shall not exceed 40 per cent of the total order. In case an order is placed for less than 4 consecutive thickness, the price shall be 50 per cent higher than the minimum F.A.S. price of the grade and quality to be supplied, subject to the limitation provided in para 3(a) below, relating to orders for one or two ONE mil range split and gauged mica Blocks.

3. For orders requiring supply of Block Mica Split and gauged accurately in 2 mils or 3 mils thickness ranges, the minimum F.A.S. price shall be calculated on the following basis:—

- For orders in 3 or more 2 mil or 3 mil ranges (such as 7-9, 8-10, 10-12, 12-15 mils or 0.2-0.25, 0.25-0.3 mm etc. 30 per cent higher than the minimum F.A.S. price of the grade provided that such order for no one thickness shall exceed 30 per cent of the total order.
- For orders in TWO 2 or 3 mil ranges only—40 per cent higher than the minimum F.A.S. price of the grade provided that in such case order for no one thickness shall exceed 30 per cent of the total order.
- For orders in only ONE one or two mil range of thickness (E.G. 7-9, 8-10, 9-11, 10-12, or 8-9, 9-10 etc. 75 per cent higher than the minimum F.A.S. price.
- For orders in only one three mil range of thickness such as 7-10 or 9-12, 11-14, etc. the F.A.S. price for such split and gauged mica shall be 50 per cent higher than the F.A.S. price of the grade 6, 40 per cent higher of the Grade 5½ and 30 per cent higher of the grade 5 and above.

4. For orders requiring supply of Block Mica split and gauged correctly in 4 mil range of thickness such as 8-12 or 12-16 mil or 0.2-0.3, 0.3-0.4, mm etc. the minimum F.A.S. price for such shall be calculated as follows:—

- For order in only ONE such 4 or 5 mil range higher than the floor price of the grade. 25 per cent
- For orders in TWO such 4 mil and/or 5 mil range higher than the floor price of the grade 15 per cent

If an order is placed for supply of mica split and gauged in a series of two or more thickness, with a minimum jump of at least 2 or more mils in a continuous thickness, ranging from 6 mils and upwards up to including 15 mils, the floor price for such mica shall be 15 per cent higher than the floor price of the grade and quality to which the mica belongs, provided that order for one thickness range shall not exceed 40 per cent nor shall be less than 20 per cent of 6 to 8 mils or 6 to 9 mils range. Provided further that against each delivery, in case of partial shipment of such order, there must be proportionate shipment of the order in all thickness ranges as far as possible.

5. The premium based on thickness of block mica mentioned above will be further increased by the following percentages:—

Grade 5½	40%
Grade 5	30%
Grade 4 and up	25%

NOTE—1. These premia shall not apply to mica below—7 mils except in case where an order is placed for mica in thickness of 6 mils in conjunction with mica of higher thickness as per para 5.

2. 85 per cent of the supply must conform to the special range/range of thickness.

**(B) SPECIAL ADDITIONAL PRICES FOR BLOCK MICA SELECTED TO CUT SPECIFIED PATTERNS**

NOTE—These additional are applicable only to BLOCK MICA in all qualities for grades No. 5 and up.

NOTE—For qualities of Block Mica of heavy stained and up to the sizes of grade No. 6 will be up to less than 1½/8" dia. (or its equivalent in metric system). For price calculation of areas falling between 1.5 to less than 2.2 sq. inches for these qualities, reference may be made to para (c) below. (a) All orders of SELECTED-TO-CUT MICA BLOCKS of which the square inch areas (or its equivalent in the metric system) fall within the lower half of the square inch area of the grade shall be charged minimum F.A.S. price for the next higher grade.

Example—STC 2" × 3½" makes an area of 7 sq. inches or its equivalent in metric system. This falls within the lower half of the sq. inch area of grade 4. The price for this size of selected-To Cut Pattern will be price of grade 3 of the quality asked for.

(b) All orders for SELECTED TO CUT MICA BLOCKS of which the square inch area (or its equivalent in the metric system) fall within the upper half of the square inch area of the grade shall be charged minimum F.A.S. price for the next higher grade plus 20 per cent.

Example—STC 3" × 3" makes an area of 9 sq. inches. This is also in Grade 4 but the area of this Selected-To-Cut Pattern falls within the upper half of grade 4 i.e. above 8 sq. inches. The Price of this size of Selected-To-Cut Block Mica shall be the price of Grade 3 plus 20 per cent of Grade 3 of the quality called for.

(c) (i) STC Mica blocks of either circular or rectangular pattern of which the sq. inch area is from 2.2 sq. inch or (15.48 sq. cm) to less than 3 sq. inch (or 19.35 sq. cm). The price of the pattern will be the price of grade 3 of the quality of Block plus 10% of the same.

(ii) Basis of calculation of minimum price for STC Blocks of which the sq. inch area is between 1 sq. inch (or 6.45 sq. cm) to less than 2.2 sq. inch (or 14.48 sq. cm). except for STC sizes, for which Price of grade 6 of the quality to which it belongs plus 10% of the price of grade 6 PLUS 10 per cent for every 0.1 (1/10 sq. inch) area in excess over 1 sq. inch area upto

separate prices have been aid decimal points (0.5) and 15 % down in the Trade Notification for above 0.5 sq. inches

- (iii) The stipulations under clause c (ii) shall apply for STC Blocks of qualities stained I and down and for stained 'A' and better the price shall be of the Grade No. 5 $\frac{1}{2}$  of respective quality.

**Example (i) :** Order for STC 1"x7- $\frac{1}{4}$ " in S.T.L. 1. quality:  
The price will be as follows :

	Rs. P.
(a) Price of STC 1 No. 6 . . . . .	20.76

*Explanatory notes on Blocks Mica Minimum F.A'S. Price Fixation.*

1. The STANDARD PHYSICAL MASTER SAMPLES prepared by the erstwhile Mica Export Promotion Council in consultation with the Mica Trade represents all the qualities characteristics except "Waviness" The factor of waviness varies from country to country and even from consumer to consumer in the same country. The degree of Flatness required also varies from application to application. In the light of the above, factor of "Waviness" is left open to be decided between buyer and seller.

NOTE—The "approved sample" may be in any of the following forms :

- the sample approved by the foreign buyer and carrying his seal and signature in token thereof.
- the sample jointly sealed by the Export Inspection Agency and the exporter, the replica of which has been sent to the foreign buyer and duly approved by him;
- the sample, submitted by the exporter declaring as an approved sample of the buyer.

2. All micas from 2 mils and above to less than 7 mils in the Stained A, G.S. (M) and better qualities shall be called thin blocks or thins. They shall be allowed to be exported if their prices are atleast equal to the price of 3rd quality Condenser Films, in the case of Stained A quality, the price of 2nd quality Condenser Films in the case of G.S. (M) quality and the price of 1st quality condenser Films in the case of G.S. or higher qualities.

3. All mica in qualities Stained-I and down in thickness below 7 mils shall be allowed to be exported at price of block mica without any thickness premium and these may be called thins Chillas or Cleanings.

4. For the purpose of calculating the prices of Circular STC Blocks, e.g. 4" circles etc. the total area of the circle shall be calculated in sq. inches or sq. cms. The floor price and premium for such circular blocks shall be calculated on the bases of the Sq. inch area, as provided for other rectangular blocks. This basis of calculation will not apply to those circular STC sizes for which prices have been fixed.

5. Any mica block that is soft and heavily mudstained with smoky stains and is also cross grained, which is lower in quality than spotted II shall be allowed to be shipped as Red/Copper Stained I or II or at a price between the two as the buyer and sellers may have agreed upon.

6. Orders placed with code words such as V-1, V-2, V-3 etc., shall also contain against each such item the corresponding quality description as specified in Government Press Note facilitate correct assessment of the qualities during preshipment inspections.

## SPECIAL ADDITIONS TO MINIMUM F.A.S. PRICES FOR CONDENSER FILMS SELECTED TO CUT PARTICULARS OR SPECIFIED PATTERNS

The minimum F.A.S. prices for Condenser Films Selected to cut specified patterns shall be calculated on the following basis:

Area of Pattern	Minus F.A.S. Price Addition
1. Less than 1.5 sq. inches or 967 sq. mm.	40% higher than the price of No. 6 Condenser Films.
2. 1.5 sq. inches to less than 2 sq. inches or 957 sq. mm. to less than 1290 sq. mm.	The same as the price of No. 5½ Condenser Films.
3. 2 sq. inches to less than 3 sq. inches or 1290 sq. mm. to less than 1935 sq. mm.	10% higher than the price of No. 5 Condenser Films.
4. 3 sq. inches to less than 3.5 sq. inches or 1935 sq. mm. to less than 2257 sq. mm.	25% higher than the price of No. 5 Condenser Films.
5. 3.5 sq. inches to less than 5 sq. inches or 2257 sq. mm. to less than 3225 sq. mm.	The same as the price of No. 4 Condenser Films.
6. 5 sq. inches to less than 7.5 sq. inches or 3225 sq. mm. to less than 4837 sq. mm.	30% higher than the price of No. 4 Condenser Films.

NOTE 1. In deliveries of STC Films, there may be oversize up to 30 per cent of the bulk.

2. If the contract requires a cutting margin of 3 mm., the F.A.S. Price should be worked out by taking the total area of the condenser film into account.

3. Condenser Films of quality lower than "Third Quality" shall be allowed to be exported at prices mutually agreed upon between buyer and seller provided the deliveries of such lower quality do not contain more than 15 per cent of "Third Quality" condenser films.

4. The floor price fixed for condenser mica films is of the normal range of thickness which is ¼ mil. TLT 7 mils.

## Clarifications :

## Condenser Mica Films

- Export of Condenser Films STC between 7.5 sq. inches to less than 10 sq. inches in area for which no premiums have been fixed shall be allowed to be shipped at a price of grade 2.
- In a delivery of No. 4 Condenser Films, up to maximum 30% of No. 3 Condenser Films may be allowed to be shipped and similarly in a shipment of No. 3 Condenser Films a maximum of 30% of No. 2 Condenser Films may be allowed to be shipped. Similarly in No. 2, 30% of No. 1 may be allowed.
- Any delivery of Condenser Films containing less than 25% pieces with slight air stains, scattered over not more than half of the usable area of a piece will be considered as first quality Condenser Films.
- Orders for Condenser Films with code words such as V-1, V-2, V-3 etc. shall also contain against each such items the corresponding quality description as specified in the Government Press Note to facilitate correct assessment of the quality during preshipment inspection.

#### OTHER CONDITIONS FOR EXPORT OF PROCESSED MICA

Any shipment of mica of any variety other than 'Fabricated Mica' will be permitted only if irrevocable letter of credit to the extent of 100 per cent of the invoice value of the goods (which will include the export duty) has been opened in favour of the exporters. To facilitate settlement of claims as between the foreign buyers and exporters, the following arrangements will continue to be in force :—

- (a) While the foreign buyer will open irrevocable letter of credit in a Bank in India for 100 per cent of the invoice value (which will include the export duty) the letter of credit should include a special stipulation that not more than 95 per cent of the amount will initially be payable to the exporter and the balance (of 5 per cent) will continue to be held (in the bank in India) for a period not exceeding six months from the date of shipment, within which the said balance would remain available for settlement of any claims arising.
- (b) Any claim arising from causes other than the question of quality including size (that is, from causes such as short weight, breakage, pilferage, penalty for late shipment etc.) as are raised by the buyer, and admitted by the exporter, will (upto a limit of 2 percent for the invoice value) be allowed to be adjusted in favour of the buyer by the Reserve Bank of India, against the aforesaid balance of 5 per cent on application being made by the exporter. Such application should indicate :
  - (i) Name and address of the exporter;
  - (ii) Name and address of the claimant (foreign buyer);
  - (iii) Number of the G.R./E.P./P.P. form on which the export was declared;
  - (iv) Invoice value of the goods exported supported by a certificate in original from the authorised dealer through whom the proceeds have been realised to the effect that the full export proceeds have been received in India in an approved manner;
  - (v) Grounds on which claim has been made;
  - (vi) Amount for which claim is proposed to be settled (supported by the original Debit note, if any received from the claimant);
  - (vii) Basis on which the amount of the proposed settlement is calculated, supported by the original sale Contracts as well as Survey/Inspection/Analysis weight Report (whichever is relevant to the type of claim) or in the case of penalty claims for late shipment, copy of the related Bill of Lading; and
  - (viii) A brief history stating the circumstances in which the claim has arisen and enclosing the original correspondence exchanged by the exporters with the parties concerned regarding the claim.
- (c) This application should include a formal declaration by the exporter that the particulars given by him are correct and conforming that the exporter has not already paid the claim or adjusted it in any other manner.

- (d) In case the exporter is unable to produce, any of the requisite documents, he may explain suitable reasons for his inability to do so and enclose a recommendation from the Export Inspection Council in support of his claim, such recommendation will not be required where the requisite documents are produced by the exporter.

- (e) Claims arising from the above mentioned cause but of a higher value than 2% of the consignment value or arising on account of quality of mica (including size) should be settled by directly negotiating with the buyers. In case no settlement is reached by direct negotiations then the claims will be adjusted by a special panel constituted by the Indian Council of Arbitration.

The application of the exporter in regard to such claims should apart from the same details and documents mentioned above, be supported in addition by the signed copy of the settlement reached by direct negotiation or by the said panel's award in original (with a certified copy thereof); if the application is documented in this manner, the adjustments/remittance required to settle the claim will be allowed by the Reserve Bank of India.

ANNEXURE 'G'

Export of Rosewood (*Delbergia Latifolia*) in log and sawn form will be allowed in the current year within the ceiling 6,000 (Six thousand) cubic meters already prescribed for the period 1978-79.

7. (a) Export of Rosewood (*Delbergia Latifolia*) in processed or semi-processed form including veneers will be allowed by the licensing authorities freely but on presentation of shipping bills/licensing endorsements/Land Customs Appendices.

7(b). Export of Rose wood logs from Cochin and New Mangalore port will be allowed within the overall quota to an individual exporter to the extent shown in 'No Objection Certificate' issued by the competent authorised officer (not below the rank of Assistant Conservator of Forest) duly authorised by the State Governments of Kerala and Karnataka. No objection certificate would not be necessary for export from Bombay, Calcutta and Madras respectively.

8. Every licensing endorsement relating to the export of hard wood including rose wood, shall be valid for a period of 15 days only; and in the case of rose wood, if the shipment does not take place within this period, the lapsed quantity will be available to the licensing authority for reallocation to other eligible exporters. If the quantity of the rose wood so lapsed was due to non-shipment during the validity period, the exporters will surrender the relevant shipping bills to the licensing authority within 15 days from the date of its expiry.

9. Exporters of rose wood are hereby informed that its export in log and sawn form will be reduced to 'nil' in the following phases :—

Year	Quantity (cubic metres)

**Pre-dyed stencilled**

The floor prices for "pre-dyed stencilled mats" should be arrived at any adding the difference between the prices of "Stencilled mats" and "Plain mats", to the prices fixed for "Pre-dyed mats" belonging to the same quality group.

### Non Standard sizes of mats

For calculating floor prices for mats of the sizes mentioned below, the extra charges on the basis of the prescribed percentage of the floor price of the appropriate quality of the plainmat should be added.

- A. Mats with width of 25 cms. or more and upto 35 cms. and with an area less than 2100 Sq. Centimeters—10%
- B. Mats of Width Less than 25 cms.—25%
- C. Mats of sizes having 80 cms. or above in width or 150 cms. or above in length—10%.

*Interest for delayed payments*

For delayed payments above 60 days, interest will be charged at 2% per month for the number of days beyond 60 days taken for payments.

### Calculation of Freight

While calculating the prices in relation to the floor price the gross freight should be taken into consideration and not the net freight payable in the case of c.i.f. and c.& f. contracts

*Reservation of portion of the payment by  
the importers*

Contracts providing for retention of portion of the value for payment after inspection of goods on arrival would not be register.

### B. Coir Matting

For arriving at the floor price for any variety of coir mattings the price of the appropriate variety has to be adjusted for width, design/colour, additional embellishments etc, by references to the various tables. The rate of interest to be charged for payments delayed beyond 60 days as mentioned earlier for Coir mats is applicable for Coir Matting also.
